SHORT SUMMARY OF CREDENTIALS AND PROFESSIONAL EXPERIENCE

After graduating from high school in 1971, Dr. Bunch received a nomination to attend the United States Military Academy at West Point, New York by Senator Allen Ellender and enlisted in the U.S. Army. Following basic training at Fort Polk, Louisiana and preparatory training at Fort Belvoir, Virginia, he was admitted as a West Point cadet at the United States Military Academy, West Point, New York, in 1972. He attended the academy for two years prior to making a decision to enter the medical field. He left the academy in the top 25% of his class in leadership and academics, making the Dean’s list at West Point throughout his sophomore (Yearling) year. He served 5 more years in the Army Reserve (Inactive).

Following West Point, Richard Bunch attended Louisiana State University (LSU) in Baton Rouge for one year as a junior in a pre-med curriculum and attended LSU Medical Center, Department of Physical Therapy for the next 3 years to become a board licensed physical therapist, graduating in May, 1977. After becoming board licensed as a physical therapist he worked one year at East Jefferson Hospital and then returned to LSU School of Medicine,

Department of Anatomy, to continue graduate studies in human anatomy and physiology. After 5 years of graduate studies and medical research, he received his doctorate (Ph.D.) with honors in Neuroanatomy in 1983.

Upon receiving his doctorate, he was offered a faculty appointment at LSU Medical Center in the Department of Physical Therapy and taught physical therapy and medical school classes. He served on faculty for 10 years achieving the position of Associate Professor. During his academic tenure, Dr. Bunch created and directed the School of Allied Health Research Committee and Industrial Physical Therapy Clinic. In 1993, he left his full-time academic career at LSU Medical Center to enter private practice. Since his departure from full-time academics, Dr. Bunch founded Industrial Safety & Rehabilitation (ISR) Institute, Inc. in 1993 and has served as the owner and CEO of ISR Institute since that date. He also founded WorkSaver Employee Functional Testing Systems, LLC in 2010 and serves as manager and owner of this organization.

ISR Institute, Inc. is a specialty practice that offers ergonomics, training/education, research and wellness consulting, functional capacities testing (FCEs) and physical therapy services (via ISR Physical Therapy, LLC). WorkSaver Employee Functional Testing Systems, LLC provides employee functional capacity testing for new hire and return to work cases (post injury or illness) to industries nation-wide via a certified clinic network using Dr. Bunch's proprietary program called "WorkSaversm Systems". Over the years Dr. Bunch has conducted numerous job physical demands validations and ergonomic assessments for power, marine, oil, chemical, manufacturing, coal mining (surface and underground), warehouse, lumber mill, energy, and railroad industries.

Dr. Bunch was instrumental in developing Chevron's national and international ergonomics QWE program and corporate-wide ergonomics training and analyses for Entergy as well as ergonomic assessments and training programs for other major corporations such as Hess, CSX Transportation, Union Pacific Railroad, Georgia-Pacific, Constellation Energy and others.

Dr. Bunch developed a federally registered proprietary ergonomics certification program that integrated clinical-based and wellness principles with ergonomics. The training and certification program, Certified Behavioral-Based Ergonomic Specialist (CBES®), is five days in duration. Faculty members include medical physicians and physical therapists. This certification is offered to safety professionals, industrial hygienists and occupational health professionals nationally. Dr. Bunch has also developed numerous injury prevention and wellness videos for marine, railroad, construction, and oil industries. He has been accepted as an expert in both state and federal courts in the fields of functional capacities evaluations, physical therapy, ergonomics, and clinical biomechanics.

Dr. Bunch developed the WorkSaversm functional capacity evaluation (FCE) which has been reviewed by organizations such as LWCC and presented at national medical conferences. He has conducted over 3,000 FCEs and continues to provide FCEs in his clinics. He specializes in conducting FCEs on complex medical cases. Dr. Bunch has been accepted as an expert in FCEs both in Federal and State Courts and has published a medical book chapter entitled, AMA Guide to Functional Capacities Evaluations.

In addition to his private practice, Dr. Bunch currently serves as a Clinical Assistant Professor at Tulane University Medical Center, Department of Health Sciences, where he lectures each year on functional capacities testing and ergonomics. He is also an adjunct professor in the Department of Psychology at University of New Orleans. He has published book chapters on functional capacities evaluations, ergonomics, back injury prevention and stress management and has presented national seminars and keynotes on these topics as well as injury prevention and wellness interventions for numerous safety and health conferences.

PROFESSIONAL EXPERIENCE:

Sept. 1993 – Present:

- Manager / Owner, WorkSaver Employee Testing Systems< LLC
- C.E.O., I.S.R. Institute, Inc.
- Owner/manager ISR Physical Therapy LLC
- Clinical Associate Professor, Department health Sciences, Tulane Medical Center
- Adjunct Clinical Associate Professor, Department of Psychology, UNO
- Licensed Board-Certified Physical Therapist
- Ergonomic Specialist and Industrial Injury Prevention Consultant
 - a. Work site analyses and ergonomic assessments
 - b. Physical demand validations and development of ADA-compliant job descriptions

Professional Experience:

- Functional Capacity Evaluations
- Post-Offer / Pre-placement Functional Evaluations
- Physical Therapy - Specializing in Cervical, Shoulder, and Lumbar Injuries
- Provider of FCEs, Ergonomics Consulting and Training, and Professional Injury Prevention and Wellness Seminars

August 2000 – Present	Associate Clinical Professor, Tulane University Medical Center, School of Health Sciences
2004 - Present:	Adjunct Associate Professor, University of New Orleans; Department of Psychology
August 1990 – Sept. 1993	Associate Professor, Louisiana State University Medical Center Allied Health Graduate Program and Physical Therapy Department. Founder and Director of Industrial Safety and Rehabilitation Division.
June 1988 – August 1990:	Vice-President, Medforce Physical Therapy, Inc.: Clinical Assistant Professor, L.S.U. Medical Center; Industrial Injury Consultant to E.I. DuPont Pontchartrain Works and other businesses.

May 1985 – May 1988 Assistant Professor, Louisiana State University Medical Center, School of Allied Health Professions, Department of Physical Therapy. Founder and Chairman, School of Allied Health Research Committee. Clinical practice maintained through the faculty income sharing plan.

May 1983 – April 1985: Instructor, Louisiana State University Medical Center, School of Allied Health Professions, Department of Physical Therapy. Clinical practice maintained through the faculty income sharing plan.

1979 – 1983 Independent contractor of physical therapy services to private practices, hospitals and health agencies

1977 – 1978: Staff Physical Therapist, Department of Physical Therapy, East Jefferson General Hospital, Metairie, Louisiana. Specialized in treating burns and neurological disorders. Developed the use of transcutaneous electrical nerve stimulation for post operative relief of surgical pain for patients who were allergic to pain medications.

1974 – 1975: Physical Therapy Assistant, Center for Cerebral Palsy, Baton Rouge, Louisiana

1971 – 1974: Active Duty, U.S. Army, U.S. Military Academy Preparatory School, Fort Belvoir, Virginia, United States Military Academy, West Point, New York.

SPECIAL MENTION IN US NEWS AND WORLD REPORT

Title of Article: Bifocals Can Be a Pain in the Neck

US News and World Report

By Matthew Shulman Posted November 2, 2007

Reference from article:

The ergonomics of your workspace also play a role in relieving the aches. Simply changing the position of the computer monitor, in fact, may do the job. According to **Dr. Richard Bunch, a physical therapist and clinical associate professor at Tulane University Medical School who consults on ergonomics**, lowering the monitor so that the head and neck can remain in a neutral position and the chin level to the floor—whether or not you wear corrective lenses—can work wonders for neck pain. And be sure to sit up tall with your head centered over your shoulders to increase blood flow and lessen the burden on your neck.

1981 Professional Presentations: -----

Bunch, R.W.: “An Investigation of the Lateral Motor Column in the Brachial Spinal Cord: Cell Degeneration and Differentiation, (Published as an abstract and presented by platform at the annual meeting of the American Association of Anatomists, New Orleans, Louisiana, 1981).

ACADEMIC TEACHING EXPERIENCE:

Ergonomics – Preventing Cumulative Trauma of the Musculoskeletal System, Tulane University Medical Center, School of Tropical medicine and Public Health

Functional Capacities Evaluations - Tulane University Medical Center, School of Tropical medicine and Public Health

Masters of Health Science Courses: Integrated Manual Therapy, Advanced Anatomy, LSU Medical Center

Undergraduate Courses, Physical Therapy: Analysis and Synthesis of Human Movement; Manual Therapy; Principles of Research – LSU Medical Center

Professional seminars for professional associations and industries (back schools, ergonomics, ADA compliance, etc.)

POST-GRADUATE EDUCATION COURSES

Worker's Compensation Top Medical and Legal Issues , 14 credit hours; Sponsor: PESI, Las Vegas , Nevada, February 21-22, 2011

Ergonomics Courses (Various Topics), National Ergonomics Conference and Exposition (NECE), December 1-3, 2010

Alaska Safety Summit, Anchorage, Alaska, September, 2010

Treatment of the Shoulder Complex, American Physical Therapy Association, Louisiana Chapter Conference, Baton Rouge La, September 19, 2009

Injury Prevention Seminars in Industry (Various Topics), Alaska Safety Summit, Anchorage, Alaska, September 23-25, 2009

Ergonomics Courses (Various Topics), National Ergonomics Conference and Exposition (NECE), November 18-20, 2009

Forensic Rehabilitation, Leonard Matheson, PhD, Vancouver, Canada October 30-31, 2008

Ergonomics Courses (Various Topics), National Ergonomics Conference and Exposition, Las Vegas, Nevada, December 3-5, 2008

Injury Prevention Seminars in Industry (Various Topics), Alaska Safety Conference, Anchorage, Alaska, September 30, 2008

Injury Prevention Seminars in Industry (Various Topics), American Society of Safety Engineers National Conference, Las Vegas, Nevada, June 9 -12, 2008

Advanced Fiction Writing Course, Instructor: Chicago, April 5-6, 2008

Ergonomics Courses (Various Topics), Ergonomics Courses (Various Topics), National Ergonomics Conference and Exposition (NECE), Las Vegas, Nevada, November 28 – 30, 2007

Injury Prevention Seminars in Industry (Various Topics), Alaska Safety Conference, Anchorage, Alaska, October 10 – 11, 2007

27th Annual National Workers Compensation Conference, Cape Cod, Massachusetts, July 16 – 18, 2007

Injury Prevention Seminars in Industry (Various Topics), American Society of Safety Engineers Conference and Exposition, Orlando, Florida, June 25 -27, 2007

Oklahoma Safety Conference, Oklahoma City, Oklahoma, June 4th, 2007

Eastern Ergonomics Conference, May 31, 2007, New York, New York

Exercise Physiology and Weight Management Strategies for Rehabilitation Professionals, Jeanne Patton, New Orleans, La, April 18, 2007

McKenzie Extremity Course, Buffalo, New York, Sept 17-18, 2006

Advanced Ergonomics, Matheson and Associates, 2005

2005 ASSE Conference

Functional Capacities Evaluations, Matheson and Associates, 2004

2004 ASSE Conference Roy Matheson and Associates, Functional Capacity Evaluation Certification Program, November 2004.

Ergonomics Certification, Matheson and Associates, 2004

Understanding Functional Capacity Evaluations and Ergonomics by Larry Kopelman, PhD, PT, BCFE, CDEII, CECD, CPP – Sponsored by Physiotherapy Associates, April 18 – 19, 1998

Ergonomics Train-The-Trainer by Todd Brown, PhD, Zachary, La., February, 1998

Various Ergonomics Seminars- National Safety Congress – 1997, 96, 95

Ergonomics, Louisiana State Physical Therapy Association, by Anderson, CPE, New Orleans, LA 1995

Human Factors Engineering Seminar – National Safety Congress – 1995

Ergonomics Specialist Certification. Advanced Ergonomics, Dallas, Texas, January 18 – 20, 1994.

Ergonomics – Cumulative Trauma; Isernhagen and Associates; Washington, D.C.; August 16-18, 1991.

84TH National Safety Council Congress and Exposition: Orlando, Florida, October 1996.

McKenzie Course: Part D: San Diego, California, December, 1996.

Workers Compensation: Cost Containment Strategies for the 90's. 6.0 hrs. The College of Staten Island of The City University of New York, March 30 semester, 1995

McKenzie Course: Part C: Practical Workshop (21 Hours), New Orleans, Louisiana 1994.

McKenzie Course: Part B: The Cervical/Thoracic Spine (24 Hours) – New Orleans, Louisiana, 1994.

Ergonomic Specialist Training, Charles K. Anderson, PhD, CPE, Advanced Ergonomics , Inc, Dallas, Texas, January 18 – 20, 1994

McKenzie Course: Part A: The Lumbar Spine (32 Hours) – Lubbock, Texas 1994

Clinical Assessment of Adult Spinal Disorders. Charles N. Aprill, M.D., Louisiana State University Medical Center, New Orleans, Louisiana, February 19, March 5, April 2, 16 and 30, May 28, 1993 (9 hours).

Back Pain 93 – Managing Low Back Pain, Sponsored by State University of New York – Health Science Center, New Orleans, Louisiana, April 22 – 25, 1993 (19 hours).

Industrial Rehabilitation Residence Program. Leonard and Roy Matheson, F. Edward Hebert Hospital, New Orleans, Louisiana, November, 1992 (36 hours).

American Academy of Disability Evaluating Physicians – Clinical Training Program. Chicago, Illinois, September 18 – 22, 1992 (34 hours).

E.P.I.C. Lifting Capacity Evaluator Certification Program, Leonard Matheson, PhD., New Orleans, Louisiana, January, 1992 (6 C.E.U.).

Ergonomic and Injury Management Training, 21 hours, by Susan Isernhagen, PT, Isernhagen Work Systems, Washington D.C., August 18, 1991

“Worksite Wellness Seminar”; University of Southwestern Louisiana, Lafayette, Louisiana, May 24, 1990.

“Biomechanics of the Shoulder”; Bob Donatelli, LPTA Fall Meeting New Orleans, Louisiana, October 12 – 14, 1990.

“Diagnostic Testing of the Spine”; Charles Aprill, M.D., Kenneth Adatto, M.D. and Stuart Phillips, M.D.; St. Charles General Hospital, New Orleans, Louisiana, April 28, 1989 (.3 C.E.U.).

“Neuromuscular Inhabitation and Facilitation in the Treatment of Cervical and Shoulder Pain and Dysfunction”; Didrik Sople, PhD., C.A., New Orleans, Louisiana, May 5 – 7, 1989 (.8 C.E.U.).

“Diagnosis and Treatment of Imbalances Associated with Musculoskeletal Pain”; Shirley Sahrman, PhD., P.T.; Baton Rouge, Louisiana, August, 1988.

“Evaluation and Rehabilitation of the Injured Worker: Work Hardening and Functional Capacities Testing”; Susan Isernhagen, P.T.; Baton Rouge, Louisiana, April, 1988 (.9 C.E.U.).

“Auto-traction Seminar: Clinical Parcticum I”; Sandy Burkart, PhD., P.T.; New Orleans, Louisiana; June 13 – 14, 1987.

“Clinical Approach and Rationale to Lumbar Spine Manual Therapy”; David Shumway, P.T., MNSMT; Baton Rouge, Louisiana, March 7 – 9, 1987.

“Pelvic and Lumbar Spine Dysfunction: Advanced Treatment by Manual Therapy”; David Lamb; New Orleans, Louisiana; April 2 – 5, 1986.

“Marketing and Physical Therapy Services”; Peter Block, PhD.; Baton Rouge, Louisiana; April 25 – 27, 1986.

“Musculoskeletal Dysfunction”, John Mennell, MD; Baton Rouge, Louisiana; October 11 – 13, 1985 (1.9 C.E.U.).

“Neurodevelopmental Technique Approach to Adult Hemiplegia”; Nicki Schmidt, P.T.; Baton Rouge, Louisiana; April 26 - 28, 1985.

“Biomechanical and Neuromuscular Rationale of Movement Dysfunction”; Jerry Fogel, M.S., P.T.; Shreveport, Louisiana; September 29-30, 1984.

“Cybex Isokinetics Seminar Series”; San Antonio, Texas, September 19 – 23, 1984.

“Intermediate/Advanced Cervical Manual Therapy”; University of Mississippi; Biloxi, Mississippi, May 17 – 20, 1984 (2.4 C.E.U.).

“American Back School”; David Apts., New Orleans, Louisiana; November 18 – 19, 1983.

HONORS:

Certificate of Appreciation from the City of New Orleans, Mayor Marc Morial, 1998.

Distinguished Service Award – Kenner North Kiwanis – LSU Medical Center Circle K, September 24th, 1988

Certificate of Appreciation from the City of New Orleans, Mayor Marc Morial, 1996.

Honorable Service Plaque – Metropolitan Safety Council – 1997

Certificate of Recognition – 85th Annual Congress from National Safety Council, National Safety Council Congress & Exposition, Chicago, 1997.

Certificate of Recognition – 84th Annual Congress from National Safety Council, National Safety Council Congress & Exposition, Orange County Convention Center, Orlando,

Florida, October 27 – November 1, 1996.

Best Speaker Certificate – Marine Division – 83rd Annual Congress from National Safety Council, National Safety Council, National Safety Council Congress & Exposition, Chicago, 1995.

The American Academy of Disability Evaluating Physicians Acknowledgment, “for dedication to the CME Mission as a member of AADEP’s CME Program Faculty during 1996” November, 1996.

Target Zero Plaque for 5 years outstanding safety consultation and training toward the protection of the back and musculoskeletal system resulting in an over 90% reduction in back injuries. FY – 1991 to FY – 1996., Presented in appreciation for professional services provided in support of Target Zero by McDermott International, Inc., July, 1996

Best Paper Award – Delta Safety Society – 11/1995
Best Paper Award – Marine Division, 1994 National Safety Congress

Recognition Certificate – National Safety Council, 1993.

Distinguished Service Award – Kiwanis International, 1988.

Alpha Eta National Honor Society Award – 1984 and 1985.

Excellence in Research Award, Louisiana State University School of Medicine, 1983.

Health Care Professional of the Year Award – National Home Health Care Week – Presented by Medical Personnel Pool, Inc., 1982.

Adamo-Haarstad Award for Best Research Presentation – Presented at the Eighth Annual Research Symposium of the New Orleans Chapter of the Society of Neuroscience; Tulane School of Medicine, New Orleans, Louisiana, 1982.

Sigma XI Research Award, 1982.

Best Research Award in Basic Science, Louisiana State University Medical Center, 1982.

Foreign Ambassador Escort for Chilean Military Representatives – United States Military Academy, West Point, New York, 1973.

Dean’s List / Leadership and Academic Achievement, United States Military Academy, West Point, New York, 1974.

Appointment to the United States Military Academy – Nominated by Senator Allen Ellender in 1972 and appointed by the U.S. Army in 1973.
